

# Donate to our 2008 Edible Landscaping Project and Become a “Friend of Ahimsa Village”

Ahimsa Village is an evolving permaculture demonstration site and community resource center promoting resilient living, learning, and communication. For more information: <http://www.ahimsavillage.org/>

To help grow our formal membership process we are inviting you to participate in Ahimsa Village's 2008 edible landscaping donation drive. We are asking for a \$50 gift towards an edible plant group of your choosing below. As a “Friend of Ahimsa Village” you will be kept informed about Ahimsa Village events and workshops via monthly emails. Please visit our website for membership details. By checking a box below, circling specific plants, and mailing a check written to “Ahimsa Village” for \$50, your edible plants will be purchased, planted, and marked with a placard with your name on it. We hope you will participate in our growth and visit Ahimsa Village throughout the seasons!

Thank you, Kelle, Bob, Greg & Jackie for Ahimsa Village
