

Ahimsa Village
Friday Night Sustainability Series Program

**Energy Policy and Best Practices for both your
Home and Community with Laura Piraino**
Conservation Coordinator, PA Chapter of the Sierra Club

Friday, February 13, 2009 at 6:30PM

Did you know that at least 11 PA cities have signed the Mayor's Climate Protection Agreement, or that PA utilities are now required to reduce peak demand by 4.5 percent in 2013? Laura will provide an overview of energy efficiency in Pennsylvania, including an update of recent energy legislation, the Cool Cities Project, and community efficiency best practices. Then learn how you can use no cost/low cost energy efficiency practices and products to save money and make a difference in your own home.

Laura coordinates energy related advocacy and program development for the PA Sierra Club. She started the PA Cool Cities Energy Efficiency Project to offer energy education and weatherization kits to low income communities in Harrisburg. She has been developing environmental outreach education programming for 9 years. She was formerly the Director of Outreach for Penn State Center for Sustainability.

Light refreshments at 6:30pm, followed by program. Please RSVP to magicjubilee@yahoo.com, 814-355-0850 by February 6 if you plan to join us. Suggested donation \$5 benefits the Ahimsa Education Committee.
