

Planning for Peak Oil

"Civilization as we know it is coming to an end soon."

"This is not the wacky proclamation of a doomsday cult, apocalypse bible prophecy sect, or conspiracy theory society. Rather, it is the scientific conclusion of the best paid, most widely-respected geologists, physicists, bankers, and investors in the world. These are rational, professional, conservative individuals who are absolutely terrified by a phenomenon known as global Peak Oil." --- Matt Savinar, editor of www.lifeaftertheoilcrash.net

Join us for a frank discussion about what we can do about peak oil on **Friday, December 14, 2007** at the Ahimsa farmhouse. Please come prepared to make concrete commitments! **Joe and Helen Fahy** will be giving a brief talk on peak oil and what they are doing to prepare for it at their homestead in the Penn's Valley area of Centre County.

Vegan soup and bread at 6pm, followed by program at 7pm.

This event is part of a new series of Sustainability Talks sponsored by Ahimsa Village. **Please R.S.V.P.** to Kelle at 814-355-0850 or magicjubilee@yahoo.com if you plan to come so we can make enough soup and bread!
